英语话题作文(二)

To be really happy and really safe, one ought to have at least two or three hobbies, and they must all be real. It is no use starting late in life to say: "I will take an interest in this or that." Such an attempt only aggravates the strain of mental effort. A man may acquire great knowledge of topics unconnected with his daily work, and yet hardly get any benefit or relief. It is no use doing what you like; you have got to like what you do. Broadly speaking, human being may be divided into three classes: those who are toiled to death, those who are worried to death, and those who are bored to death. It is no use offering the manual laborer, tired out with a hard week's sweat and effort, the chance of playing a game of football or baseball on Saturday afternoon. It is no use inviting the politician or the professional or business man, who has been working or worrying about serious things for six days, to work or worry about trifling things at the weekend.

It may also be said that rational, industrious, useful human beings are divided into two classes: first, those whose work is work and whose pleasure is pleasure; and secondly, those whose work and pleasure are one. Of these the former are the majority. They have their compensations. The long hours in the office or the factory bring with them as their reward, not only the means of sustenance, but a keen appetite for pleasure even in its simplest and most modest forms. But Fortune's favored children belong to the second class. Their life is a natural harmony. For them the working hours are never long enough. Each day is a holiday, and ordinary holidays when they come are grudged as enforced interruptions in an absorbing vacation. Yet to both classes the need of an alternative outlook, of a change of atmosphere, of a diversion of effort, is essential. Indeed, it may well be that those whose work is their pleasure are those who most need the means of banishing it at intervals from their minds.

### 英语话题作文(十一)

As the development of modern technology, Smartphone has become quite popular all over the world with its outstanding functions. People can use phones to surf the Internet, update their personal micro blog, and upload their latest pictures at any place, anytime. It seems that smart phones have already become an indispensable part in people ' s daily lives. However, some people are indulging in smart phones, which already have side-effect on their normal life.

随着当代科技的迅速发展，智能手机以其卓越的功能风靡全球。人们可以在任何时间、任何地点用它来上网，更新个人微博，上传自己的最新照片。看起来智能手机已经成为人们生活中不可缺少的一部分了。然而，有些人过渡沉迷于智能手机，以至于影响了正常生活。

Some people, especially teenagers, are easily fall for Smartphone for these reasons. First of all, nowadays, people are under great pressure, while cell phone provides a platform for people to relax themselves. By playing mini-games, vocal chatting with friends, watching movies and listening to music, people can easily forget their problems temporary. Second, there are always something new on the phone. It is can be interesting, mysterious and various. So people are eager to turn on their phones, want to know what is happening around them. When people spend too much time on the phones, they don ' t have enough chance to communicate with their friends or parents. Their attentions have been drawn away by the virtual world. Lack of good self-control, they are fragile to the smart phone addiction, while they supposed to focus on their study and work.

一些人，特别是青少年，极易被智能手机吸引。原因有这些：首先，当今社会人们压力很大，智能手机提供了一个给人们放松的平台。通过玩小游戏，与朋友语音聊天，看电影听音乐，人们很容易暂时忘记他们的烦恼。其二，手机上总有新鲜事。有趣的、神秘的、种类繁多的信息吸引着大家打开手机，去了解周围到底发生了什么。当人们花了太多的时间在手机上时，就没有足够的机会去与朋友父母聊天沟通。他们的注意力已被虚拟世界所吸引。缺乏好的自控能力，他们在手机成瘾面前弱不禁风。他们理应集中精力在学习和工作上的。

I think people should take smart phone addiction seriously. Quitting addiction needs time and patience. People should turn off their phones, go outside and communicate with others face to face. Do more exercise and form optimistic attitude towards life!

我认为人们应重视把智能手机成瘾症。戒掉它需要时间和耐心。人们应该关掉手机，走出家门与他人面对面的沟通交流。多做运动，培养乐观积极的心态!英语话题作文相关文章：
