美女与野兽英语读后感1

I watched the movie beauty and beast this vacation. It's a romantic love story. Belle is a very kind and beautiful girl, living with her father in a small town, and the prince is a selfish guy trapped in a beast's body for his rudeness angering the enchantress. The beast has to find a person willing to fall in love with him. Then, in an occasion, it met Belle and gradually found out that Belle is a lovely girl and began to fall in love with her, so it went to any length to help her. Belle was finally moved and fell in love with it and the prince escaped from the beast's body and led a happy life for ever.

Love is the topic of the whole story which can change any dark and evil stuff. Love means everything, and this is the reason the movie can get into the gate of Oscar. The real world is full of war and darkness, which turns people's life into chaos. Human's life lacks of Love, and if the love exists, humans have the power and the dream and the ideal man can conquer nature will no longer be a myth.

Love, the topic of human beings' life.

美女与野兽英语读后感2

The "Beast" is a bastion of hell, a warrior, a magician and a king. But can he be a lover, too? Only "Beauty" can determine the truth, for her naiveté will lead her to find The Beast's inner soul. Her innocence and purity of heart may require her to trespass in Hades, but she will return unscathed leading The Beast by his fingertips and his heart-strings to the land of the living. Beauty learns that the ultimate sacrifice will provide a most memorable reward. For Beauty's sense of truth and honor prevails and she opens her heart to the Beast's ravaged, but passionate soul.

This romantic fairy tale lends itself well to the genre of romance. A story of true opposites, Beauty is all that is good and pure, while the Beast is untamed, wild and uninhibited. Beauty teaches The Beast to trust his own innocence and goodness, while the Beast teaches Beauty about the world...and love. You will find some of the books on this list feature a reversal of the story, where the heroine is "the beast;" but in all the books, there is one character living in darkness, looking for the purity of light that only love can bestow.

What's The Appeal?

The "Beast" is an awfully sexy hero! Had French fairy teller Charles Perrault only suspected that he would be opening the floodgate of feminine fantasy upon penning this famous story, he might have had second thoughts. For, really, what common man can compete with the Beast?

Not exactly a feminist treatise, the story features Beauty, the archetypal virgin, who is willing to sacrifice herself for her family. Loved by all, she is so pure that when faced with the worst monster known to mankind she is able to see far beyond the surface and recognize "The Beast" to be as pure and good as she is. Her love and faith transforms him from monster into man, and literally leads him from the land of the dead into the land of the living.

The Beast, a blending of all male archetypes, appeals universally to women in all cultures and societies. He is more than a man. (And has an animal-like virility that must be tamed!) You've heard about "taming the wild

beast;" well, this is where the term best applies. In Beauty and The Beast tales, the heroine is faced with a tremendous challenge, but in turn, is given the ultimate reward sexually.

But the sexual reward is only part of the heroines bounty. For really, The Beasts greatest attraction to the heroine is his retreat from society – hidden in his lair, he has been psychologically wounded and needs to be restored to manhood. Beauty must strive to win his trust and love with all her feminine charms. So what starts as the ultimate act of sacrifice for Beauty becomes a reaffirmation of her own best gifts.

The true magic of the story revolves around the fusion of Beautys innocence with the beasts unequivocal love. For it isnt until the end of the story that Beauty realizes that she loves the beast in his own right, not simply out of goodness!

美女与野兽英语读后感3

During the summer holiday, I read a fairy story named beauty and the beast and I was deeply touched.

The story is once upon a time there was a prince, he isn ' t kind and he is lack of compassion. He can't treat each passing old man, also with sticks hustle them. One day, a mage to before him and said: you are a people person! I didn't want to turn you into a beast. There are five roses, are you five years of life. For five years, you must learn to good, especially have love.

One day, a jeweler lost his way, come to the alace, he plucked a beautiful rose to going to his daughter. See the beast, in anger say: This is my life, and I will kill you, unless you put your daughter to me. So, beauty came to the beast side, care for her and love her beast, to her warm, let her like staying in their homes as well.

The days passed and the beauty want to see his father, The beast told her to hurry back. Beauty home, forget time, magic mirror remind beauty to back as soon as possible to beast side. When the beauty went back to beast, roses last petal beltwas raised-in.The beast went back to the handsome prince.

The story makes me understand that the person should have a heart and should care about others.
