英文职业感谢信集锦六篇

英文职业感谢信 篇1

Dear leader of the administrative examination and approval  
center:

I am the legal representative of \_\_\_ co., LTD. During the registration process of this company, I would like to express my heartfelt thanks to the industrial and commercial bureau Windows \_\_\_, \_\_\_ and \_\_\_ for the quality service provided by my company.

Our company is the initial setting up of mechanical processing company, since the beginning of October to review the process, faced with a large number of documents and work procedures to make me a daunting task. But the service window of the industrial and commercial bureau gave me a heart pill. Every time I come to the window I see a smiling face. Every time with doubt came to the window, they always answers, aggressive response, let's needs of gratitude I especially pay attention to their chest up and the name of their exciting.

In particular, Chen ping, the approval of the work inspection material quick and meticulous, and has the evidence, the enthusiasm has a festival; On the material does not conform to the project of correction notice is clear, let me company entrust a representative of the be clear at a glance, more to improve the working efficiency and quality of work, with practical action to practice the promise of high quality, sincere service window. The two comrades of Lucong and Song Xinmin have established a clear answer to the company's establishment of business inquiry, defined the scope of business scope, and the terms and

regulations, and became a role model for window staff.

Thousand words written endless gratitude, the company only through daily work compliance management, tax compliance of the actual action to window for my company to provide quality rvices to industrial and commercial bureau to make love in return.

I wish you all the best work of the Windows staff, and I wish my company a successful career!

## 英文职业感谢信 篇2

Gezhoubu electric power co., LTD.

英文职业感谢信 篇4

Hospital leaders and medical staff at all levels:

We are \_\_\_X patients' families, my mother had cancer, and a ries of dias such as diabetes, high blood pressure, many times in your school, under the careful treatment and care of medical personnel, veral have turned the corner. Here, we would like to express our heartfelt thanks to you for your family's sincere thanks to all the doctors and all the medical staff.

In my mother during the long-term hospitalization, general department all the staff, with highly responsible spirit, tireless work, time and time again for inspection, treatment, timely relieve, stabilized the mother's illness. We are deeply moved by their devotion to their work and their caring for their mother and mother.

In particular, the attending physician, Dr. Liu, formulated appropriate treatment plans for the dia of the family mother; At the same time, the trouble to again and again to ask my mother and our feelings, careful diagnosis, explains the progress of the dia in great detail to us, "urges us notice at ordinary times, we feel very cordial. Doctor liu treats patient patient meticulous, treatment prescription is rigorous, comprehensive, operation action is gentle, minimize the pain of family mother. She wants the patient to think, the urgent patient's urgent, to treat the patient such as the family, his amiable manner, the thoughtful words have given us a long-lost comfort.

As the patient's family, a simple thank you is not enough to express our gratitude; As a family member of cancer patients, it is a relief for

us to meet such a fine doctor and a noble doctor! At this moment, we have too much moved, too much gratitude, too many respects cannot be mentioned.

Finally, please allow us to express our sincere thanks to your hospital and all medical staff on behalf of the whole family. With a deep salute! On the occasion of the New Year, I would like to wish you all the leadership of the hospital and all the health care workers.

### 英文职业感谢信 篇5

North China electric power design institute engineering co., LTD.

The expensive unit appointed project manager li hui, zhang hao, GuanMing in my company in ningxia hui three comrades masters energy co., LTD., wind power pile foundation project and ningxia hanard energy co., LTD. Wind power construction of infrastructure projects, the others to stay away from home, in the work bears hardships and stands hard work, overcome the poor construction conditions, weather, time and heavy task of construction, such as difficulty, enthusiastic twice construction unit always want to think, urgent construction units in need, excellent professional quality and high technical level of my unit, durability, ensuring duly completed construction gave great support and help. In early march, ephedra mountain first wind field, masters a period to start up, li hui, GuanMing fai, such as a person not afraid of cold, many times to the scene reconnaissance road, especially in front of the dynamic compaction in the transformer substation, in order to ensure that our

dynamic compaction equipment into the construction site smoothly, li line in check road conditions on the construction site, the hard-working and supervi the construction of the road to speed up the construction of roads, many times after the dynamic compaction equipment for us to approach provides guarantee on schedule. In the process of dynamic compaction construction, as a result of ephedra mountains of bad weather, wind, dust, geological condition is relatively complex, lee a line into the scene, often know the situation, for our construction provides some good advice. The geological conditions are complex, causing the construction difficulty of pile foundation to increa, the speed is slow, and the construction progress of the whole project has also had a great impact. Li in this ca, a line in a timely manner to find all relevant units, actively cooperate with our improvements, especially in the lee led off at 9 o 'clock on the evening of May 19, zhang and others to my project department meeting to discuss the pile foundation slowly and cooperate with mixing station, concrete casting 22:30 EPCM and others to check the construction site conditions, put forward the proposal, 30 points once again return to my project department to discuss the solution, especially puts forward good suggestion on the construction technology, now in the morning was dragged tired body back to the management company.

On August 2, casting has been carried out to the third level, in the process of the casting foundation ring deviation is rious, is li management company, a line of the mountain patrol, found the problem,

management company technicians in the construction site with our technician immediately research countermeasure, guarantee the construction quality of the whole of the pile caps.

The morning of September 16 Ephedra mountain under the heavy rain, heavy rain lasted four hours and the floods washed away the only two road to the construction site, was the construction of the project department technical personnel also trapped in the mountain, on both sides of a county middle block cannot pass, the mountain of 19 # #, # 21, 23 foundation pit was soaked by the flood, the situation is very grim, project department of pump cannot be sent to the mountains. Under the heavy rain is still a lot, my company project department worker to be in the eye in the heart, all you have to roll up trousers legs stand a just a pass in the flood will pump to the construction site. At this time, the management company Li general line is also anxious, personally to the on-site command, timely cooperate with us to solve some difficulties and problems in the construction process.

During the construction of the project, the three members of EPCM Li Hui's team often took pains to visit the site and supervise the work. In this regard, Ningxia Islamic Geological Engineering Group expressed its heartfelt thanks.

Through the construction of several wind power projects in Ephedra, the Islamic Geological Workers of Ningxia are brought

Cheng Group and Huabei Electric Design Institute Engineering Co., LTD.

Are closely linked together, and have a brotherly affection. In the future, we will continue to strengthen cooperation with your company to promote mutual development.

## 英文职业感谢信 篇6

Dear \_\_\_ customs office:

\_\_\_ company is a wholly invested by Taiwan businessmen established a research and development of science and technology enterprise, the company registered capital of 1 million dollars, the specialty is engaged in computer peripheral hardware and software, 3 d TV, integrated circuits, game software and hardware, research and development and application of intelligent platform. Companies pay attention to independent research and development and technological innovation, after years of development, has accumulated a number of international patents and advanced technology, and the application of the advanced achievements in time of research and development to production, with a number of independent intellectual property rights of the product.

Since the establishment of our company in September, we have just started our business, especially the customs office in the export processing zone. But, since of the expensive unit, has long been place the needs of the enterprise in the first, and all staff work earnestly, careful rigorous, pragmatic and efficient, make our business could be carried out smoothly.

At the beginning of the open in our company, the expensive unit X director with the business had a line of people come to visit our company guidance, and hold people on our enterpri registration made a positive and patient guidance, let us in the smooth completion of the customs for the record, to reduce the unnecessary trouble and time. Our company feels warm with such efficient and effective guidance.

Finally, heartfelt thanks to \_\_\_ again the customs work in high office of our company import and export customs clearance of help and guidance, we in the later work will be more strict with himlf, abide by the customs of the laws and regulations, strengthen enterpri management, and I wish you greater development in the New Year.

\_\_\_ company
