The East and the West, Let ' s enjoy the
combination of the two cultures?

Kipling said: " East is east, and west is west,
and never the twain shall meet! " But now, a century
later, they have met.

They have met in business. They have met in
education. They have met in the arts. Some people will
argue that the meetings will leave us with a choice
between east and west, but I believe that the best
future lies in the creative combination of both worlds.
We can make western ideas, customs and technology our
own, and adapt them to our own u. We can enjoy the
best of both worlds, becau our tradition is, above
all, one of lecting the best and making it our own.

I love Beijing and Hennan opera becau it
always reminds me of who I am. But I am also a fan of
pop music, especially English songs. So I have combined
eastern melody with western language. It is called
western henna opera.

When two cultures meet, there may be things in
one culture, which do not fit into the tradition of the
other. When this happens, we need to learn to understand
and respect the customs of another culture. Then there
are certain things some people may not like. To this,
I will say, if you do not like it, plea try to tolerate
it. To learn to tolerate what you personally don ' t like

is a great virtue at a time when different cultures mix and merge. Before us, there are two rivers, eastern and western cultures. At present, they may run in different courses. But eventually, they will converge into the vast sea of human culture.

Right now, I can see peoples of eastern and western cultures, standing side by side, singing the Olympic theme song: we are hand in hand, heart to heart, together we will shape a beautiful tomorrow! Thank you!

3分钟英语演讲稿2

Everyone has a choice when he wakes up in the early morning to be happy or sad all the day. But for me, I think I have responsibilities to fulfill all the day. So every morning my first job is to choose what kind of day I am going to have. Today I can complain because it is rainy or I can be grateful that the grass is watered for free.

Today I can feel sad because I don't have more money or I can be glad that it will prevent me from wasting.

Today I can feel very down because of a bad cold or I can rejoice that I am still alive.

Today I can lament over all that my parents didn't give me when I was growing up or I can feel grateful that they allowed me to be born.

Today I can be disappointed for my lack of friends or I can be excited to discover new relationships.

Today I can be exhausted becau I have too much
homework to do or I can feel honored becau I ' m getting
clor to my dream in this way.

What today will be like is just up to
can get to choo what kind of day we will
have! As teenagers,we stilll have much time to achieve
our dreams, but the way to success is not so
we choo to face it in a good mood and carry on trying,I
believe we can enjoy the whole process and get to the
destination of success much more easily and happily.

In fact,everything depends on your own
you choo to be happy and positive,you
will enjoy your work and have a good you choo
to be sad and negative,nothing good will come to you
and your life will be colourless.

The world around us is so is
no reason why we don ' t enjoy ,everybody,let ' s
choo to be happy everyday!

Ok,that ' s all.

Thanks for listening!
